FYI, see below. She had also called earlier. I was in meetings all morning and have not yet responded by phone or email.

Hi Walter,

I'm sure your team agrees that our call last week on the consent order terms didn't go very well. I saw a message last night from Brian Carr that he would send another draft by COB Wednesday for use at the meeting on Friday morning. I think the last draft would be very difficult to work off of for the next round. I was going to suggest that we modify the language in the draft before that one for use at the next meeting. I will not give direction to do that unless you agree that is a good approach. Regardless of which draft we are working from, I think we need to be prepared to have a drafting meeting on Friday morning.

Please let me know if you have time to discuss to make sure we get back on track. I am happy to make the time early or late.

Angela
